

POLISETTY PRASHANTH

Hyderabad, India | +91-9121990362 | polisheetyprashanth246@gmail.com | linkedin.com/in/polisetty-prashanth-5440b5298
github.com/prashanthpolisetty | ragbotq.streamlit.app

PROFESSIONAL SUMMARY

Final-year Computer Science (AI & ML) undergraduate with hands-on experience architecting and deploying Generative AI applications, Retrieval-Augmented Generation (RAG) pipelines, machine learning models, and Python backend services. Proficient in LangChain, CrewAI, ChromaDB, FastAPI, and LLM APIs (Google Gemini, Llama 3.1), with a demonstrated record of taking projects from prototype to live, publicly deployed applications. Solved 80+ Data Structures & Algorithms problems on LeetCode. Seeking to contribute strong analytical, problem-solving, and full-stack development skills to a growing engineering team.

TECHNICAL SKILLS

Languages: Python, Java, JavaScript, SQL, HTML5/CSS3
AI / ML & GenAI: LangChain, CrewAI, Llama 3.1, Google Gemini API, HuggingFace Sentence Transformers, Scikit-Learn, Pandas, NumPy
Databases & Backend: ChromaDB, PostgreSQL, MySQL, FastAPI, Flask, Pydantic, REST APIs
Tools: Git, Streamlit, Jupyter Notebook, VS Code, PyCharm, Cursor

TECHNICAL PORTFOLIO & PROBLEM SOLVING

- GitHub Projects & Repositories: github.com/prashanthpolisetty | Live Deployed Web App: ragbotq.streamlit.app
- Algorithmic Problem Solving: Solved 80+ Data Structures & Algorithms problems on LeetCode covering Arrays, Strings, Trees, Graphs and SQL.

PROFESSIONAL EXPERIENCE

Machine Learning Intern — Unified Mentor May 2025 – Jun 2025
Remote, India

- Architected end-to-end Machine Learning pipelines utilizing Python and Scikit-Learn to develop predictive regression models (House Price Prediction and Mobile Phone Price Estimation).
- Executed exploratory data analysis (EDA) across structured datasets, implementing missing value treatment, correlation heatmaps, feature engineering, and data scaling.

TECHNICAL PROJECTS

Document RAG Chatbot — GenAI / RAG Web Application
Python, LangChain, ChromaDB, Llama 3.1, Streamlit | Live: ragbotq.streamlit.app

- Deployed an interactive Retrieval-Augmented Generation (RAG) web application utilizing Streamlit, allowing users to dynamically upload custom PDF/text documents and instantly query complex contextual insights.
- Optimized retrieval recall and semantic fidelity to achieve an evaluation accuracy of >80% by integrating custom Sentence Transformer embeddings (all-MiniLM-L6-v2) and a persistent ChromaDB vector store.
- Reduced document processing overhead by 35% by implementing recursive asynchronous directory scanning and structured metadata tagging for instant chunk indexing.

AI Resume Analyzer
Python, LangChain, Google Gemini API, Pydantic | Repo: github.com/prashanthpolisetty/AI-Resume-Analyzer

- Built a high-throughput AI Resume Screener utilizing LangChain and the Google Gemini API, increasing profile evaluation processing speed by 15x compared to manual recruiter parsing.
- Developed a robust backend validation engine utilizing Pydantic for strict JSON schema enforcement, extracting candidate keyword matches, grammatical quality indices, and skill gaps.
- Formulated robust few-shot prompt templates and Chain-of-Thought (CoT) system constraints, achieving a verified 80% format consistency rate across generated ATS scoring reports.

EDUCATION

B.Tech in Computer Science Engineering (AI & ML) 2024 – 2027
Neil Gogte Institute of Technology (NGIT), Hyderabad | CGPA: 8.06 / 10.0

Diploma in Tool & Die Making 2020 – 2024
Central Institute of Tool Design (CITD), Hyderabad | 74.15%

Secondary School (10th Grade) 2020
Navodaya High School, Gadwal | CGPA: 9.8 / 10.0

CERTIFICATIONS & INDUSTRIAL TRAINING

- GenAI Powered Data Analytics Job Simulation — Forage & Tata Group (Jun 2026): Simulated enterprise data workflows, generating automated analytical insights via Python and GenAI.
- Industrial Engineering Trainee — Tata Advanced Systems Limited, Hyderabad (2023): Precision tool engineering and structural quality compliance (Diploma in Tool & Die Making).
- Mobile App Development (Kotlin) Certification — Comprehensive online training masterclass (2024).
